

AIR IS FULL OF RUMORS

Said Carranza Will Reject Demands.

WILSON OPPOSES WAR

President Hopes to Avoid Conflict With Mexico.

Washington, June 28.—General Carranza has rejected the demands of the United States for the immediate and unconditional release of the American troops held at Chihuahua, according to widespread reports in Latin-American diplomatic quarters.

No confirmation of these reports was obtained in administration circles, although officials were waiting with tense interest for the formal reply.

In administration quarters the view is held out that if Carranza rejects the demand, or fails to answer it within the next forty-eight hours, the president will go before congress and ask authority to take what steps he may deem proper for the use of the armed forces of the country, including the national guard, in rescuing the troops and further safeguarding the American border.

It was learned from authentic sources, however, that the president, within the last twenty-four hours, has informed intimate advisers that, regardless of what effect it might have on his political fortunes, he is determined to exhaust every extreme of patience to avoid war between the United States and Mexico.

If forced to take aggressive steps for the rescue of the American prisoners the president is said to have determined to do nothing more than enlarge the punitive force in Mexico, order Funston to effect the release of the men, and then fall back for the defense of the border.

COWBOYS EAGER TO SERVE

Company of Rough Riders Fast Being Organized at Miles City.

Miles City, Mont., June 28.—Having furnished 155 men for the militia reserve Miles City has now started to supply a company of rough riders and already sixty-seven men have signed up. Announcement that Dr. W. J. Butler, state veterinarian, would endeavor to organize a squadron of rough riders in this state brought out fifty-seven signers and verbal statements of Thomas Butler that he would also organize a troop drew eight more names. In addition Dr. D. S. Swank will go as a veterinarian and Al Pike and Andrew Nash as assistant veterinarians.

PREPARED FOR ARMY OF 200,000 MEN

New York, June 28.—Supplies have been provided along the Mexican border for an army of 200,000 men for the next thirty days, according to an announcement here by the quartermaster's department of the United States army.

It also was learned from the same source 2,000 motor transport trucks had been purchased from twenty different automobile manufacturing concerns, at an average cost of \$3,000 each, and bids have been asked for 400 passenger automobiles to be used by the officers of the various commands along the border.

GOVERNOR GOES TO CAMP

Inquires About Needs of the Minnesota Regiments.

St. Paul, June 28.—Governor Burnquist paid his first visit to Camp Bobleter when he conferred with Brigadier General A. W. Wright, in command of the brigade camp.

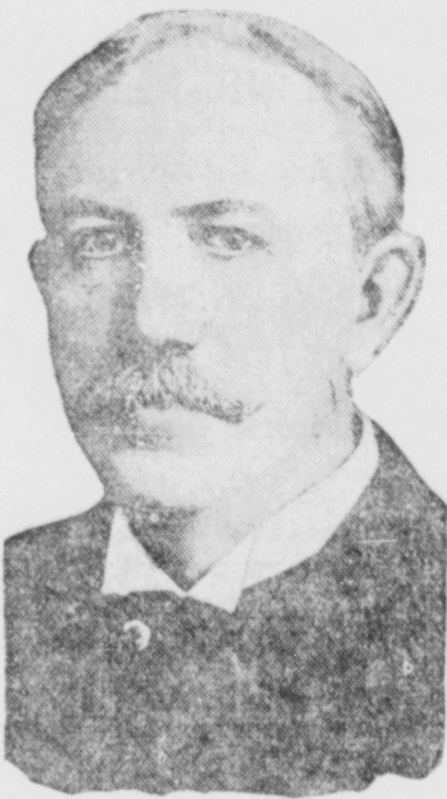

There were no formalities in connection with the Governor's visit and it was stated he called to inquire as to the condition of the troops and what steps, if any, should be taken to provide all their needs.

The equipment problem, which caused many of the soldiers to sleep without blankets Monday night, was solved in part when some new equipment was provided.

Several carloads of equipment from federal quartermaster depots arrived at the fort.

DAVID STARR JORDAN.

JORDAN LEAVES EL PASO

Pacifist Warned Hostile Demonstration Might Occur.

El Paso, Tex., June 28.—Warned of the possibility of a public demonstration against him Dr. David Starr Jordan, here at the invitation of the American Union Against Militarism to participate in a conference between Americans and Mexicans looking to the avoidance of a war between Mexico and the United States, left for Albuquerque, N. M.

W. D. Greet, police captain, informed Dr. Jordan it would be advisable to take the first train for somewhere else, owing to public feeling against any one who might try to mediate between the United States and Mexico.

COLONEL MAY RAISE VOLUNTEER DIVISION

New York, June 28.—It was learned here that Colonel Roosevelt will ask permission of the government to raise a division of 12,000 volunteers for service in Mexico the minute war is declared.

The colonel, it is understood, will request a commission as major general and will personally command the division, which will consist of four brigades—one of infantry, two of cavalry and one of field artillery—with a squad of aeroplanes and engineers, signal and hospital corps.

From a reliable source it was learned Colonel Roosevelt has been planning this move for several months and, with the aid of high military authorities, has worked out his plans to the smallest details.

ST. LOUIS COUNTY TO VOTE ON OPTION

Virginia, Minn., June 28.—The first gun of a campaign to vote St. Louis county dry will be fired at a meeting here July 9. Conrad Mattson, a former alderman and a prohibition worker, is at the head of the movement. The Anti-Saloon league will co-operate and George B. Safford is expected to be one of the speakers at the opening meeting.

The county option election will probably be held early in January and if the movement wins saloons in all cities and villages will be closed in six months.

The result of the local option election a week ago in Duluth gives prohibition leaders confidence that county option will carry easily. Chisholm, Hibbing and the villages of that part of the country affected by the Indian treaty are expected to do everything in their power to vote out the saloons of the other range cities. The leaders also feel that Duluth will give county option a greater majority than it did local option.

SAFE AND WELL TREATED

British Consul Reports on American Prisoners.

Washington, June 28.—The state department received its first official news of the cavalymen prisoners from other than Mexican sources.

The British consul at Chihuahua City transmitted a report through the embassy saying that the twenty-three troops and an interpreter were being well treated and that the injuries of the two wounded men were slight. The British consulate took over American interests when American officials were withdrawn.

How are Neutral Countries Affected

Washington, June 28.—A resolution introduced by Senator Stone authorized President Wilson to ascertain how the neutral countries are affected by the recent allies treaty boycotting goods from neutral countries.

Mexicans Expect to Loot El Paso

El Paso, June 28.—The hope of looting El Paso has buoyed up the half starved, poorly clothed Carranza soldiers. In Chihuahua the soldiers have been told that as soon as they reach El Paso the food will be plenty. Four American refugees have arrived who narrowly escaped being mobbed in Mexico. The reported heavy troop movements northward, bringing Carranza's strength in Chihuahua at fifty-five thousand.

Massachusetts Guards Started for Border

San Antonio, June 28.—General Funston has been notified by General Wood that the Massachusetts guards had started for the border.

RANCHER BRINGS BATTLE REPORT

Says Americans and Mexicans Have Again Clashed.

OFFICIALS HAVE NO NEWS

Column of the Eleventh Cavalry Scouting for Survivors of the Carrizal Engagement Are Alleged to Have Been Attacked.

El Paso, Tex., June 28.—Forty Carranza soldiers were captured by two squadrons of the Eleventh cavalry in a battle fifty miles from Colonia Dublan, according to a report received here.

The Americans were searching for survivors of the Carrizal battle when attacked by 1,000 or more Carranza troops.

The report of the battle is unofficial and was brought here by an American ranchman, who saw the prisoners being taken under guard to Colonia Dublan.

He believed a skirmish had taken place on the Santa Maria river, about fifty miles from Colonia Dublan. Military authorities here said they had heard nothing of an engagement between American and Mexican forces along the Rio Santa Maria.

It was pointed out, however, that a column of the Eleventh cavalry has been scouring that district in search of survivors of the Carrizal battle, who might have been wandering in the desert.

It was believed the report of the skirmish may have been erroneous and that the captives may have been stragglers from the various Mexican commands in the district who had been picked up by the cavalry column.

TROOPS ARE MOVING SOUTH

Orders Issued to Hasten the Departure of Cavalry.

New York, June 28.—Major General Leonard Wood, commanding the department of the East, in a report to the war department, said 14,961 troops from New York, New Jersey, Massachusetts, Connecticut and Vermont are en route to the border.

Colonel John B. Bellinger, department quartermaster, asserted the troops are moving without difficulty. New orders were received from the war department, General Wood said, directing him to hasten the departure of cavalry units as that branch of the service is more urgently needed on the border than infantry.

He was ordered to send the men South as soon as they are ready and provide them with mounts at the border or ship their horses later.

RANCHER AND BRIDE SLAIN

American Troopers Are Pursuing Mexican Bandits.

Columbus, N. M., June 28.—American cavalymen, assisted by possees of ranchmen and citizens of Machita and nearby towns, are pursuing the bandits who raided an adobe ranch about thirty-five miles southwest of Machita, N. M., killing William Parker, a ranchman, and Mrs. Alice Parker, his bride of five months.

Because of the isolation of the district no report had reached Colonel K. G. Sickle, commanding the border patrol here, but it was assumed that the raiders had crossed the frontier, perhaps with the pursuers close behind them.

According to stories reaching here the bandits are Mexicans who recently have committed numerous minor depredations in the district.

More Units Ordered Out.

New York, June 28.—At the urgent request of General Funston orders were issued by Major General Leonard Wood, commander of the department of the East, for Pennsylvania and District of Columbia troops to entrain for the border at the earliest possible moment.

TREVINO MASSING TROOPS

Rapidly Preparing for Conflict With Americans.

El Paso, Tex., June 28.—Mexican reports indicated that General Jacinto Trevino, commanding the Carranza army corps of the north, virtually has completed the disposition of his troops in preparation for possible hostilities with the United States.

The command, the strength of which is variously estimated at from 25,000 to 40,000 men, has been distributed along the two railroads of Chihuahua, the Mexican Central and the Mexican Northwestern, and in the Santa Maria river valley in such a way as to menace the American line of communication and present an obstacle to a possible American drive toward Chihuahua City.

TO WRITE UP CITY AND THE RANGE

Editor Edmond L. DeLestry of the "Western Magazine," Makes Personal Inspection

IN JULY AND AUGUST NUMBERS

DeLestry Has Had Much Experience as a Newspaper Man. Was on St. Paul Globe at One Time

A first hand view of Brainerd, Crow Wing county and the Cuyuna iron range, the results of his observations written in clear, descriptive language, this is what is offered the territory named by Edmond L. DeLestry, editor of the "Western Magazine" and all without one cent of expenditure on the part of the local Chamber of Commerce. All Mr. DeLestry asks is that those interested may not forget the publicity so freely given and express their appreciation in subscriptions for the magazine.

"The Western Magazine" is printed on a fine quality of paper. Its platform includes the awakening of civic consciousness; the fostering of a civic unity and co-operation in every town of the northwest; to present, in the best possible form all the good which progressive cities have already accomplished to the end that other communities may profit thereby; to point the way to still further advancement as communities; to show homeseekers, everywhere, what the northwest has to offer them as inducements to come and abide here; to present, as far as possible the home literature of the northwest.

In the July number will be given a review of Brainerd and the Cuyuna iron range. In the August number the range will be taken up in units. "The Western Magazine" is the official paper of the St. Paul Association of Commerce.

BAND CONCERT
GREGORY PARK

Concert that excels All Other Concerts Given, is Promised for this Wednesday Evening

E. H. BERGH IS THE DIRECTOR

Nine Selections to be Given, Program is Described in Detail, Many Played First Time

A concert that excels all other concerts given is promised this Wednesday evening by the Brainerd City band director, Edwin Harris Bergh. At least five and possibly more of the numbers have never been played by the city band before.

The concerts on Wednesday always start promptly at 8 o'clock. Tonight's program is:

1. National Emblem Bagley
The march that Duluth bands are playing this week as they send their soldier boys to the border.

2. Adoration Barnard
A tone poem deserving of a prominent position on any band program. The clarinets have an especially well written counter melody throughout the entire number.

3. Jamals Trop Frey
One-step and trot.

4. Isle of Dreams (selection) Olcott
A medley containing all of Olcott's popular songs from his famous comic opera.

5. Druid's Prayer (Waltz) Davson
An old but ever popular waltz exceptionally adaptable to the band arrangement.

6. The Battle Royal Allen
The man who wrote this march must have been a trombone soloist.

7. Cunning Cupid Aletter
A striking original intermezzo.

8. The Argentine Rubens
A Tango dance from the English comic opera, "Sunshine Girl."

9. Little Giant Moon
A fine march and with a military swing irresistible.
Star Spangled Banner.

Sister Celeste Sullivan New Superior of the Benedictine Sisters of Duluth Diocese (Duluth Herald)

Sister Celeste Sullivan was elected superior of the Benedictine Sisters of the diocese of Duluth at a general assembly held. She arrived in Duluth and was immediately installed by Bishop McGolrick.

Sister Celestine is well known in Duluth, having been the first principal of the Cathedral high school and for fifteen years at the head of the Sacred Heart institute. She was educated at the University of Minnesota, St. Elizabeth's college and the Catholic university at Washington.

She succeeds Mother Alexia who died here recently.

Swedish Lutheran Church Notes

H. Johnson of Superior, Wis., who is to fill the pulpit while Rev. Elov Carlson is on his vacation, delivered his first sermon last Sunday.

The parochial school will begin its sessions Wednesday morning, July 5, at 9 o'clock.

Rev. Elov Carlson will leave for his summer home at Nevis June 29 and will be gone until July and August, but will come home when called for.

Dr. Kilander came from Pillager Tuesday afternoon where he spoke Monday evening. He delivered his lecture on Sweden at the church in Brainerd on Tuesday evening.

The Mission society of the Swedish Lutheran church will meet on the evening of July 29 at the church.

Uncle Sam Tells
How Unclean Fly is

(By United Press)

Washington, June 28.—The ordinary house fly carries about with him, recent government experiments show, an amount of uncleanliness equal to 2 to 3 per cent of his weight. If the average man were so unclean as that, he would have on his body about four pounds of filth. A cow or horse as dirty as a fly would carry 20 to 25 pounds. The fly does not weigh much, but it can harbor millions of disease-giving germs. As a matter of fact, the dirt on a fly is about one-half bacteria—bacteria of many kinds, large and small, thick and thin, long and short. If out of its abundance of bacteria the fly deposits a typhoid germ in a can of milk, there is every likelihood that in a short time there will be enough typhoid germs in that milk to make it as dangerous, frequently as fatal, as poison. In the experiments in this subject conducted by the department of agriculture, a number of flies were caught and washed in sterile, distilled water. Uncleanliness to the amount of from two to three percent of the flies' weight settled at the bottom of the tubes; and of this about half was bacteria. In addition there remained in solution in the water enough dirt to discolor it. The fly can and does carry the germs of tuberculosis. Flies which had been allowed access to animals suffering from this disease were caught and washed in sterile water. Inoculation tests from them subsequently proved that they bore living, virulent tubercle bacilli.

Malmstrom-Dahl

Elmer Dahl and Miss Esther Malmstrom were married Tuesday afternoon at 3 o'clock at the home of the bride's parents, Mr. and Mrs. Fred Malmstrom, in South Long Lake, Rev. Theodore Clemens officiating.

The bride was gowned in white voile draped with shadow lace and carried bridal roses. The bridesmaid was Miss Mabel Lindskog attired in white lace cloth and she carried pink carnations. The best man was Adolph Dahl, a brother of the bridegroom.

The bridal party marched to the improvised altar to the strains of the Lohengrin wedding march played by Miss Elso Peterson. It was an out of doors wedding near the home and the natural beauty of the scenery contributed to make it a veritable bower. The ring bearer was little Alice Lindskog and she carried the ring in a lily.

A wedding supper was served and partaken of by 60 friends and relatives of the couple. Among the out of town guests were Mr. and Mrs. John Matson of Kokato and their two children. The young people received many beautiful and useful presents.

The bridegroom is a valued employee of the local water and light department and the bride is a most charming young girl. After a short wedding trip to St. Paul and Minneapolis they will be at home to their friends on South Broadway after July 1.

The Dispatch joins their many friends in wishing them unbounded happiness and prosperity.

EVER HAVE IT?

If You Have, the Statement of This Brainerd Citizen Will Interest You

Ever have a "low-down" pain in the back?

In the "small", right over the hips? That's the home of backache. It is caused by weak kidneys. Use Doan's Kidney Pills.

Brainerd people testify to their worth. Read a case of it:

J. T. Keough, 223 N. Ninth St., Brainerd, says: "I was in bad shape with hhard backaches and pains through my sides and hips. I could hardly endure the misery. I tried several medicines, but Doan's Kidney Pills, which I got at H. P. Dunn's drug store, gave me the first relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Keough had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv't.

"It's a remarkable thing," said old Brightboy at tea time, "but I can push my saucer through the handle of my cup."

The others glanced at the small handle and gave the speaker a withering look.

"I can," persisted Brightboy. "Do it, then," they challenged.

Calmly taking up his spoon, Brightboy passed it through the handle of the cup and then pushed the saucer with it.

Miss Lolita Armour, daughter of J. Miss Armour was trained in St. Joseph's hospital, Chicago.

BUILDING COMPANY
DENIED INJUNCTION

St. Paul, June 28.—Union labor in St. Paul won a victory when District Judge F. N. Dickson filed an order denying the George J. Grant Construction company a temporary injunction. Judge Dickson also set aside the restraining order issued May 10 against forty-seven union labor leaders, when the Grant company brought suit for a permanent injunction, charging it is the victim of a conspiracy to ruin its business.

The construction company charges that the union interests have branded the company as "unfair" to organized labor; threatened to so brand any dealer who takes a contract with the Grants, and coerced laborers from working on a Grant job.

The complaint is too general, not a single specific instance of unlawful acts being cited, Judge Dickson held. "Every man has a right to refuse to work or deal with another and this is all that has been shown against the defendants," Judge Dickson says in his order.

MEXICAN BREACH IS HEALED

Supporters of Villa Flocking Under Carranza Banner.

El Paso, Tex., June 28.—Evidence that the possibility of war with the United States has healed the breach between the Carranzistas and Villistas factions in Mexican politics continues to accumulate.

More than one hundred wealthy Mexicans, who prior to the surrender of the Villista garrison of Juarez last January had been active in supporting the bandit leader and who since have been refugees in El Paso, crossed the Rio Grande and apparently were received in good favor by authorities of the de facto government.

These men had little to say concerning the situation.

REPORT MOBILIZATION SLOW

Regular Army Still Handicapped by Crippled Aeroplane Force.

Washington, June 28.—Mustering of militia is proceeding none too rapidly, according to tabulations forwarded the war department by state commanders.

Orders dispensing with some of the red tape will permit entrainment of militia at earlier dates where there might otherwise be long delays.

The army is still confronted with a crippled aeroplane force. Efforts, however, are being made to supply a new brand of propellers, so that this extremely important branch of the service may be useful.

Three Men Stealing Ride Die When Train Is Derailed.

Aberdeen, S. D., June 28.—Three men stealing a ride on a freight train on the St. Paul road were killed when the train was derailed at Roscoe, S. D. Three other men were injured, one of whom, Fred Conley, giving his home as London, Eng., probably will die. The names of the dead are not known here.

The injured men, besides Conley, are R. Richlen of Jackson, Minn., and Roy Thompson of Malmrein, Ia. A broken rail caused the wreck.

NAVAL MILITIA
TO THE FRONT

Crosby Division May Soon See Actual Service, are Striving For More Recruits

LIEUT. RABIDEAU IN BRAINERD

Crosby's First Chautauqua Was Successful and May be Made Permanent Institution

Crosby, Minn., June 28.—The Crosby naval division may soon see actual service. Twenty more recruits are needed and Lieut. A. C. Rabideau was at Brainerd with Paul G. Clarkson endeavoring to stir up interest in the organization and gain the additional men required. Unless war is declared between the United States and Mexico, it is not thought the naval militia of the various states will be called. They are not subject to service on the border, and, except in case of war, would not likely be needed in patrol work along the Mexican coast.

Twenty votes separated F. A. Lindbergh from a place on the general election ticket in the campaign for member of the legislature from Crow Wing county. D. C. Henderson polled 583 votes, Lindbergh 586, H. A. Swanson of Brainerd 603, and John A. Oberg 635.

Mr. and Mrs. Bruno Olsson have returned from an automobile trip to Little Falls.

Mrs. Olive McCarthy and daughter of Minneapolis, are guests of her brother-in-law and sister, Dr. and Mrs. R. J. Sewall.

Mrs. L. Meyers of Brainerd, and daughters, Mrs. E. B. Trentlage of Duluth, visited Mr. and Mrs. A. E. Blake.

J. McDermott has returned from Superior, Wis., where he attended the wedding of a friend.

Miss Isabelle Patrick of Duluth, is a guest of Mr. and Mrs. C. J. O'Connell.

Crosby's first Chautauqua was a success and has heartened the committee in deciding to make it permanent institution.

A. J. Hayes, cashier of the First National bank, is at Minneapolis and LeRoy on a business trip. LeRoy was his former home.

John Wedlock, formerly of the Primrose cafe, Atkin, has leased the Spaulding hotel cafe.

Forty-eight grade students are attending the summer school classes in the Franklin building and twenty-five are in attendance at the Iron-ton building.

D. J. Severance sold the most Chautauqua tickets.

Village Marshal C. A. Lewis has built a dog pound.

JOHN LARSON

WON THE AUDIENCE.

Bernhardt's Clever Trick Turned Coldness to Enthusiasm.

Once when Sarah Bernhardt was acting in Italy the audience was rather unfriendly, owing to the fact that the prices of the seats had been considerably increased.

After the first act Mme. Bernhardt called her maid and gave her some directions in an undertone. The maid left the theater, but speedily returned, and just before her mistress went on the stage again she handed her something as she stood in the wings. The scene progressed. "The Divine Sarah" seemed hoarse. She tried to clear her throat, passed her handkerchief across her mouth, and suddenly a stream of blood poured from her lips, and she fell into the arms of the actor with whom she was playing.

The curtain was promptly rung down, and the audience waited breathlessly to hear the worst. All their previous vexation was turned to sympathy, and when it was announced that the great actress would shortly resume her part rather than disappoint them the cheering was deafening. When Madame came on again the people applauded her as loudly as formerly they had shown their disapproval, and the rest of the play was one long triumph.

But that audience never knew the truth, for when Madame had sent her maid out of the theater it was to get her a small bladder of red ink, which she kept in her handkerchief and which she bit through with her teeth so as to produce the alarming effect that had transformed her audience.—Pearson's Weekly.

"An Eskimo woman at the dinner hour served out to her family half a candle apiece."

"Light refreshments," she said, smiling.—Philadelphia Bulletin.

The Delight
of Children

The self-developed, inner-flavour of New Post Toasties bear a unique attraction for the kiddies—they even like them dry from the package for their lunches. A box of Toasties provides "cats" that will delight the children.

New Post Toasties are usually served with cream and sugar, in which form the flavour is more pronounced and the flakes more delicious. These New Toasties do not "chaff" or crumble in the package and they don't mush down in cream—both common defects of old-fashioned "corn flakes."

Then, too, notice the tiny bubbles on the flakes, produced by the quick, intense heat of a new patented process of making which imparts delightful crispness and a substantial body to the flakes.

New Post Toasties are a vast improvement over any old-style "corn flakes."

MEMBER ORGANIZED LABOR, TOO!

The Central Labor Council of

Marysville, California, has gone on

record in favor of a city manager.

Resolutions were adopted at the

meeting of the labor council in March

urging the city to employ a capable

and honest city manager in order

that the affairs of the city might be

managed along economical and in-

telligent lines. In the resolutions

adopted the labor council declares

that the management of a city

should be not unlike the management

of a successful corporation and that

the best results are obtained by hav-

ing the executive power vested in

one responsible head instead of hav-

ing responsibility divided among sev-

eral.

Following the action of the labor

council the Chamber of Commerce

and the Merchants' association

unanimously endorsed the plan. A

former mayor raised the only oppos-

ing vote.—Short Ballot Bulletin.

The Charter Commission of Brainerd

has advocated this form of govern-

ment for our city, but it seems we

could not get any of our local or-

ganizations to openly urge its adop-

tion. After we are through with

our several good-roads days such a

charter may perhaps find better sled-

ding.

45 Miles Down the
Trenches See Friend

(United Press Staff Correspondent.)

London, June 18 (By Mail)—The British hold, at present, one-fourth of the allies' western front. That is to say, their line is about 90 miles long.

"I shouldn't think," said a correspondent, "it would hardly be possible for any one man to keep track of what's doing along such a tremendous string of trenches."

"You'd be surprised," said the young officer he spoke to, "to see how sensitive a fighting line is. For instance, the other day, a chap said to me, 'Don't you know Bill Smith?' 'Yes,' I said. 'He and I used to be great pals but he went to Canada and I haven't seen him for years.'"

"Well," said the chap, "he's 45 miles down this line now. Why don't you get leave and go see him?"

"I did. I made that 45 mile trip, wading through trenches and taking short cuts, traveling through country I'd never seen before, meeting thousands and thousands of men I'd never met, getting lost and asking directions, making up with convoys and ammunition trains and having all sorts of experiences, until finally I came to a jolly long tunnel leading down to a thundering deep dugout in a first line trench."

"I went down this hole and as I landed in the dugout, Bill Smith got up and said, 'I'm mighty glad to see you old chap.' Just then a telephone bell rang in the dugout. One of the other fellows answered it and after a minute, said, 'Yes, he's just got here.' It was the chap who told me about Bill Smith, asking if I'd arrived safely."

A British army supply base is a wonderful thing, of course, but to appreciate it is merely a matter of multiplication. Take any kind of an industrial or commercial institution—a packing house, a bakery, a wholesale grocery, a shoe shop or a foundry, for instance—magnify it 100 times or so, and you've got that particular detail of a supply base. A hospital ship is interesting likewise, but after all, it's merely a floating hospital and everybody knows what a hospital is like. The hospital ship visited by the three correspondents and the foreign office official was chiefly remarkable for a wonderfully spick-and-span director with a single barreled eyeglass so firmly fixed that it appeared to be rooted in his eyesocket. "He takes it out and puts it in eyeball and all," the captain mentioned.

One of the correspondents proved to be a souvenir fiend. He accumulated enormous quantities of empty shells and cartridges, bayonets, pieces of broken glass from demolished churches and other relics. They were a fearful burden. The correspondent lugged them faithfully, however, over fields and through hedges, jumped trenches with them and, when they got too heavy for him to manage alone, shifted the overflow onto other members of the party. At the French port of embarkation for the trip back to England, the Gallic authorities took every last souvenir away from him under some rule prohibiting the exportation of such junk.

On the homeward voyage across the Channel the foreign office official didn't even bother to inflate his collapsible waistcoat; so does constant exposure to terrible danger blunt all sense of peril.

To Make It Cool.

A newlywed named Jones was talking to his friend Casey the other day about his flat and was asking the other for a little advice.

"Do you know my dining room is the hottest place in the world?" began the newlywed. "Do you know of any way I might cool it off?"

"From experience I should say that a very good way to bring about a change in atmospheric conditions," remarked the older married man, "and one that is sure to bring results one way or the other is to take a friend home to dinner when your wife isn't feeling well and isn't expecting company."—Philadelphia Times.

German Attack on British Positions

Southeast of Ypres Is Repulsed.

Petrograd Reports All Teutonic As-

Come to Naught.

London, June 28.—The Austrians in the region southeast of Trent are still falling back before the advance of the Italians, who have recaptured numerous important points of vantage.

The towns of Posina and Arsiero again have fallen into the hands of the Italians, while in the district of Adige and Brent rivers numerous peaks and mountain positions have been retaken.

The Austrians, according to the Italian war office, vainly attempted to hold back the Italians by a concentrated artillery and machine gun fire, but the Italians would not be denied.

There has again been a slackening in the intensity of the bombardment on the various sectors around Verdun.

The Germans essayed an attack against the British southeast of Ypres, but this also was without result. In patrol engagements the British at many points entered German trenches, inflicting casualties on the defenders and taking some prisoners.

Four German aircraft have been brought down by British airmen in aerial flights. The British lost one machine.

On the front in Northern Russia the Germans have bombarded Russian positions and followed them up with infantry attacks.

Petrograd says that all the attacks were put down by the Russian fire.

Ring Favorite
Goes to the Front

BY WILBUR S. FORREST

(United Press Staff Correspondent.)

London, June 15 (By Mail)—How Frank Gotch, champion wrestler, mixed wrestling with boxing against Frank Slavin, the veteran ringman, in the Yukon, is a story just told here for the first time.

Slavin, who has grown much grayer than he appeared twenty years ago as a ring favorite, is now in England with the latest Canadian contingent. His little mix with Gotch happened years ago when Gotch, under the name of Kennedy, was at Dawson in the Yukon trying to fix up wrestling matches when everybody wanted to see prize fights.

Here today Slavin staged the story with Jack Londonish settings—grizzled miners looking through blue tobacco smoke at the ring in Dawson's main emporium. Gotch, falling in wrestling matches agreed to take Slavin on for a ten round bout.

"In the first two rounds he came at me strong," related the old soldier-fighter. "I floored him two or three times. Then in the third round he dodged in and before I knew what was happening, he gripped me around the waist and threw me up in the air. I laughed, the referee laughed, and in fact we all laughed. The referee said: 'Do you claim a foul?' I said: 'Well, if I don't I suppose I'll never be able to come back into the ring again,' so, of course, I got the decision. But the big American farmer got more money out of it than he ever got for his wrestling bouts up there."

Slavin just now is delighting British sporting writers with his reminiscences. They flock to the military camp where Slavin's regiment is waiting for the call to France. In Slavin's 54 years he has been a pioneer in the Australian bush and the Klondike as well as a leading prize ring favorite in England, America, Australia and Alaska. Before he was eighteen he had made \$12,000 in the Australian gold field. He then came to England and closed five years of boxing with his defeat of Peter Jackson. Then he went to America and drifted into the prize ring limelight by knocking out Jack Kilrain in less than a round. San Francisco was the next stop.

"Those were the days before the big strike on the Yukon," said Slavin today, "but I decided to take the trip there through British Columbia. When we arrived in Alaska, my partner and I staked a claim on the Forty Mile river and I started to Skagway—600 miles over the ice behind a dog team—to get a guarantee for the concession. I got the concession and they gave me the official mail to carry back to the government at Yukon. The concession is still working today—in fact, it has a hydraulic plant capable of handling 15,000 cubic yards a day."

Slavin related the cutting of the White Pass trail from the summit of White Pass to Lake Bennett in 1897. When he returned home his wife had given him up for dead.

"I made the first map of the White Pass and the railroad there now does not leave the route that my party followed by more than forty yards at any point," said Slavin.

Slavin has been a Canadian justice of the peace in late years. Slavin's only son, Frank Charles Slavin (named after Charlie Mitchell) stands 6 feet, 1½ inches, like the elder Slavin. He is a sergeant-major in the Yukon company of the Western Scots and expects to come to Europe and take a hand in the fighting.

Dogs and Fleas.

If your dogs are troubled with fleas a very simple way to get rid of the pests is to provide beds of fresh cedar shavings or, better, cedar excelsior in the kennels or wherever the dogs sleep. The scent is not at all unpleasant to the dogs, but is abhorrent to the fleas. When a dog's coat gets thoroughly scented not only do the fleas leave him while asleep, but they will not jump upon him when he is out during the day.

GOOD ROADS DAY OBSERVED

In Spite of Rain Numerous Cars Make the Trip to Improve the Roads Entering Brainerd

WORK ON BOTH ENDS OF ROADS

Automobile Delegations go to Mille Lacs Lake and Gull Lake Last Night

In spite of rain and other handicaps, "Good Roads" day as observed this Wednesday is proving a grand success. A large number of cars left the Iron Exchange building in the morning for work on the roads. County Commissioner John A. Ober, of Deerwood, was one of the party.

Last night auto parties traveled to Mille Lacs lake and to Gull lake so as to be ready in ample time this morning to do road work from that end on into Brainerd. In the party traveling to Mille Lacs lake were Henry I. Cohen, president of the Chamber of Commerce and John F. Woodhead, president of the Brainerd Automobile association.

STREET CARNIVAL ABOUT TO COME

C. A. Wortham Shows of Danville, Ill. May Sign Contract with the Park Board

FOR THE WEEK OF JULY 24TH

Recommended as One of the Best Carnival Companies on the Road Today, to Advertise Soon

Brainerd may soon have a street carnival and the park board is considering the matter of signing a contract with the C. A. Wortham Shows of Danville, Illinois, for the week commencing July 24.

The Wortham people are recommended as having one of the best carnival companies on the road, living up to their promises, putting up a good show and advertising well.

The matter of signing the contract is now under contemplation by the park board. The site will be the same as proved so successful in the past, Main street and part of North Sixth, which will be roped off, thus preventing any accidents to pedestrians.

THOSE AT HOME SHOULD ASSIST

Governor Burnquist Appeals to the Stay at Homes to Provide for Soldiers' Families

SEND COMFORTS TO RECRUITS

United Effort Should be Made to Comply With Proclamation, Appeal by Mayor R. A. Beise

Governor Burnquist has today issued and caused to be filed in the office of the secretary of state his proclamation, as follows:

State of Minnesota,
Executive Department.

PROCLAMATION
It has again become necessary for many citizens of our state to enter military service in defense of our country.

Why should not those who remain at home be very willing to be of assistance to those who are to bear the hardships at the front and are risking their lives in the performance of their duties?

While under the usual governmental appropriations it is possible for the national guard to receive in case of sickness or injuries proper attention, there are many things besides which they can be supplied and which would add materially to their comfort. In order to raise a fund to assist in securing for them such additional care, every mayor in the state is hereby requested to appoint a committee of one or more in his community to solicit and collect subscription, all of which are to be forwarded to Hon. A. C. Gooding, state treasurer, at the capitol, St. Paul, Minnesota, and later distributed by a commission of five to be appointed by the governor.

It is here also suggested, if any member of the national guard must leave those dependent upon him without means of support, that his community devise some way in which to care for them until adequate provision is made by the government. Our state organizations are in need of more recruits. Minnesota will now, as in the past, do her duty. Let therefore all of our citizens cooperate for the purpose of securing additional enlistments and in caring for those of her sons whose patriotism and loyalty are shown by their readiness to enlist in the service of their state and nation.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of Minnesota to be hereunto affixed this 24th day of June, 1916.

J. A. A. BURNQUIST,
(Great Seal) Governor.
Attest:
JULIUS A. SCHMAHL,
Secretary of State.

MAYOR'S PROCLAMATION

The above proclamation should receive the financial support of the citizens of Brainerd and I hope that our people will all feel this an obligation and respond in a generous manner to this worthy cause.

I must earnestly appeal to the public spirited individuals and all religious, fraternal, labor and social organizations of our city to help in this undertaking.

I hereby appoint the First National bank, the Citizens State bank and the Brainerd State bank of this city as depositories, who will receive and receipt for funds. The committee having charge of the funds will be appointed later.

Respectfully,
R. A. BEISE,
Mayor of Brainerd.
Dated June 28th, 1916.

HE CARRIED THE ELEPHANT

Demonstration for Cummins Led by Capt. Van Sant, St. Paul and C. A. Albright, Brainerd

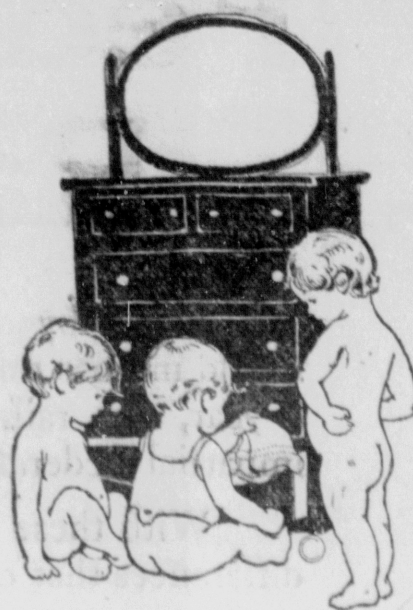

Some history of the republican national convention at Chicago as recorded by "The County Chairman," tells that Minnesota did its full duty by Senator Cummins, so did the Northwestern states. Alaska and Porto Rico joined later. The moment Senator Kenyon of Iowa had finished his speech Captain Van Sant seized the Minnesota pennant and led the march around the hall.

C. A. Albright of Brainerd followed closely, totting the elephant. Iowa followed Minnesota. "The best demonstration yet, because made by delegates alone," was the comment of observers. It is a fact that, while the Cummins demonstration in the galleries was insignificant, it was more general among the delegates than that of any other candidate.

BELL TELEPHONE GENEROUS OFFER

Employees to Receive Salaries While on Duty With the National Guard

COMPANY'S POLICY ANNOUNCED

Upon Return From Duty Employees Given Employment as Far as Needs of Service Permit

Liberal provisions for the coming twelve months are made by the Bell Telephone System for its employees, who have been called out for service with the National Guard. Full pay is granted for the first three months and the fraction of the month in which the men are called to the colors. For the remaining nine months salaries will continue in full force less the amount received from the government.

Upon the return from duty, employees will be given employment as far as the needs of telephone service will permit. At the end of twelve months further consideration of these provisions will be made.

The policy announced is as follows:

"Employees of the Bell System who on the 18th of June, 1916, were members of the National Guard or Naval Militia, and who have been called into service by orders issued in accordance with the proclamation of the President of the United States of that date, or who may be called into service by similar order, will be allowed full pay at the normal rate in effect on that date in each case, during absence in such service not to exceed three full months and the fraction of the month in which called into service, and thereafter for a period not exceeding nine additional months, full pay at such rate less the amount in each case paid by the government.

"Such employees will also be considered, for the purposes of the Employees' Benefit Plan, as being continuously employed in the system while absent on such duty and upon return from such duty or after honorable discharge, will be given such employment as the needs of the service will permit and the employee is able and fitted to perform.

"Owing to the importance of our service to the Government and public in time of war, we must take care not to cripple it. Therefore, the names of those who are willing to enlist hereafter will be noted and if subsequently desired by the government, we will aid in supplying skilled men for the particular service for which men specially trained are required. Those who hereafter enlist with the company's approval will be treated in the same manner as employees who were members of the national guard or naval militia on June 18, 1916.

"Further consideration in due time will be given to the matter of service beyond the period herein provided for. In case the state or nation makes provision for dependents of the men in service, or the situation is otherwise substantially changed, this arrangement may be modified as in the judgment of the companies, the changed conditions may warrant."

BRAINERD HOST TO THE FARMER

Second Annual Community Picnic to be Held in Brainerd on Thursday, July 13th

VETERANS ALSO ENTERTAINED

Park Region Encampment and Community Picnic Will Contribute to Make it Lively Day

Brainerd is to be host to the farmers of Crow Wing county and their friends on July 13th at the second annual community picnic, when the townspeople will extend the glad hand in a manner that will impress upon all that the slogan, "Let's all Pull Together," was well chosen.

Not alone will the farmers be entertained, but G. A. R. veterans and their wives who will be in attendance to the Park Region Encampment for three days, July 12th, 13th and 14th, will be welcomed in true Brainerd style. It is estimated that one of the largest crowds ever assembled upon one day will be on hand to enjoy the program which has been planned.

The program for the three days as tentatively arranged is as follows:

WEDNESDAY, JULY 12th
11:30 A. M.—Post meets visiting comrades at train.
2:00 P. M.—Comrades meet trains.
3:00 P. M.—Registration and assignment to quarters.
7:00 P. M.—Automobile ride around the city.
8:30 P. M.—Meet at Chamber of Commerce headquarters. Address of welcome by Mayor R. A. Beise. Reply by Comrade J. A. Wilson. Short visiting session, afterward going to Best theatre for free special performance.

THURSDAY, JULY 13th

9:00 A. M.—Band concert in railroad park by City band of twenty-two pieces.
10:00 A. M.—Free ball games between North Long Lake and Fort Ripley nine for purse of \$25 at Koering ball grounds.

11:00 A. M.—Formation of parade at Sixth and Laurel streets, headed by City band followed by G. A. R. veterans Morgan drum corps, farmers and townspeople, marching to Eighth street thence to Lum park.

12:00 Noon—Basket lunch at Lum park. Lunch can be purchased on grounds if desired. Everybody invited to bring their basket lunch, free coffee, cream and sugar to be furnished by park management.

3:00 P. M.—Athletic contests of all kinds. Tug-O-War, 100 yard dash, running race, sack race, three-legged race, potato race, broad jump, high jump and many other novel contests to be participated in by the farmers, for useful prizes.

4:00 P. M.—Dancing at pavilion for farmers and their friends.

2:00 P. M.—Ex-Gov. Samuel R. VanSant will speak to farmers and G. A. R. veterans at dancing pavilion.

FRIDAY, JULY 14th
9:00 A. M.—Business meeting at headquarters, Chamber of Commerce club rooms.

11:30 A. M.—Adjournment.

Four committees from the Federation of Farmers' Clubs, Chamber of Commerce and Business Men's association have arrangements in hand. Chairman F. Walker of the Federation committee, has been diligently at work rounding up many of the details while Chairman G. P. Sheridan of the house and social committee and H. W. Linnemann chairman of the convention committee together with Chairman F. H. Gruenhausen of the Business Men's association have been carrying on the work in a manner that spells perfection of every minor detail. Wm. Nelson has been appointed marshal of the parade and will be assisted by several others to be chosen later. Every effort possible is being made

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

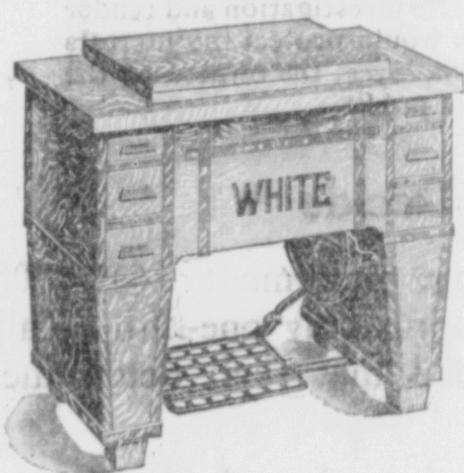

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

CLOTHES AND THE MAN.

How to Be Well Dressed and Not Look Like a Cloudy Winter Day.

In the American Magazine is an account of one of the most successful insurance solicitors in the country, who attributes a large part of his success to the fact that he always looks well dressed and prosperous.

"If you have only one suit of clothes, keep that one suit clean and pressed all the time," he says. "Press your trousers yourself every day if necessary. I have pressed my trousers lots of times. Keep your shoes shined."

"If you can afford several suits, change off from one suit to another frequently and keep all of them spotless and well pressed. I never wear a suit longer than the second day at a time. To change every day is better. It gives the clothes a chance to 'rest.' I always hang my clothes on hangers the minute I take them off. It gives them a chance to 'come back' into shape and the nap to come up again."

"It is a great economy to have lots of good clothes. A suit will last twice and three times as long and always look well if you keep changing off from one to another. Besides, people get tired of seeing a man in the same suit day after day for a whole season."

"When I started in the insurance business years ago I realized that to make a good appearance was to look prosperous, and I paid much attention to my dress. I avoided solid colors and always selected clothes with some life in them. A dash of color about your person, whether it be in the plaid of the suit, the shirt, tie, hat or handkerchief protruding from the coat pocket, will take away the monotony of one's appearance and is sure to please. But, in adding this 'life' and 'pep' to one's appearance, avoid, above all things, the colors that clash. Get clothes with 'snap' and 'life.' Avoid those which make the wearer look like a cloudy winter day."

SPECULATION ON MEXICAN AFFAIR

United States Must Establish a Stable Government.

PROTECTORATE PROBABLE.

Likelihood That We May Be Obligated to Maintain Army of Occupation in the Republic For Several Years. Many Changes May Take Place in Senate.

By ARTHUR W. DUNN.

Washington, June 28.—[Special.]—Where will the Mexican situation end? Or when will it end? Those are questions few men can answer. We have seen enough to know that intervention has been inevitable. The United States must establish tranquility and a stable government. But whose government? As usual, more questions can easily be asked in ten minutes in a case of this kind than can be answered in as many hours. In this case it will take as many years, for once intervention has begun in earnest it will take ten years to settle our relations with that country.

Protectorate Probable.

A protectorate or permanent occupation are among the things which may be expected as a result of the Mexican complications. It may be necessary for the United States to remain in Mexico for many years and to at least exercise as much control over Mexico as it does over Cuba. Perhaps it will be necessary to go further and maintain a force of considerable size in Mexico in order to preserve the peace which is supposed to be so earnestly desired by the people.

In this connection I doubt whether the people of Mexico care a snap about peace. They have shown that they like the sort of thing they have been getting.

Senate Changes.

On account of the primaries and the elections this fall it would not be surprising to see many changes in the next senate. Already it has been demonstrated that several senators will not be with us after the 4th of next March. Some of them have served a long time and have become familiar figures in the national capital. Of course much depends upon the way the presidential election goes as to the election of a number of senators. Many will win with Wilson or go down to defeat with him if that should happen.

Power of the Speaker.

Congressman Ashbrook "let the cat out of the bag"—that is, he let it be known that the speaker has not been shorn of all power. He wanted to pass a bill and said that he had been to the speaker for two months, but had failed to secure his consent to have the bill called up.

That started something. Uncle Joe Cannon took a hand in the discussion. He referred to the time when he was speaker. "All kinds of accusations were made against me," he said. "I was called a czar. Some members said, 'The speaker would not let us consider bills,' using the refuge of cowards."

Then he went on to say what has always been true of the house—that a majority can always pass a bill if it is determined.

A "Compromise."

When Chairman Fitzgerald called up the sundry civil appropriation bill he was for pushing it along.

"How much time for general debate?" asked Mondell of Wyoming, representing the minority.

"About two minutes," replied Fitzgerald.

"Let us compromise on two hours," replied Mondell.

And that was finally the result.

Presidential Protection.

They have actually passed a bill to stop threats against the president, although it was recalled that all efforts to protect the life of the president after the assassination of McKinley went up in smoke and talk. This bill may have some difficulty in the senate when the constitutional lawyers get hold of it.

By No Means a Novice.

The Republicans who called upon Mr. Hughes before he left Washington had just the kind of a reception they liked. For instance, John W. Dwight, who managed Mr. Root's campaign, and former Speaker Cannon called together, "to pay our respects, Mr. Justice," as Uncle Joe put it.

"No more 'Mr. Justice' talk," replied Mr. Hughes, "and no call of respects. You gentlemen are the kind of men I want to give me advice and talk about the campaign and help with the organization. You are the kind of men that I need."

And he plunged into a discussion of the political situation without more delay. Those men came away very favorably impressed.

Another Bureau in Prospect.

Some fellow has conceived the idea of a "bureau of time," with himself at the head of it. Bills have been introduced to create a commission to standardize time and report and make recommendations. It will not be long before there is a "commissioner of time," just as we have other commissions with good paying salaries.

SIR ROGER CASEMENT.

Irish Revolver Faces Treason Trial in Most Casual Manner.

The second day of the trial of Sir Roger Casement on a charge of high treason opened with no change in the apathetic attitude with which the general public regards the case.

The attitude of Casement is far from being one of gravity. He appears neither crushed nor subdued by the seriousness of his position and takes the proceedings in a most casual manner.

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employees, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employees for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion, and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved: or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employees are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.

The rates the railroads may charge the public for transportation are now largely fixed by this Government board.

Out of every dollar received by the railroads from the public nearly one-half is paid

directly to the employees as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employees, the owners of the railroads, and the public.

A Question For the Public to Decide

The railroads feel that they have no right to grant a wage pre-ferment of \$100,000,000 a year to these employees, now highly paid and constituting only one-fifth of all the employees, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

New York, June 28.—William R. Willcox, former postmaster of New York and later public service commissioner, has been appointed chairman of the Republican national committee.

Teutons After Coal Trade.

London, June 28.—German, Austrian and Hungarian coal owners are forming a syndicate to supply coal to the Balkans, hitherto largely furnished by Great Britain. The capital is \$1,000,000. Steps will be taken to develop the Danube river traffic for carrying the coal. The Balkan states have been getting some 2,500,000 tons of coal every year from England.

CIVILIZATION.

The upward sweep of civilization is not unlike the rising of the incoming tide. It advances and recedes, but each advance carries humanity to a higher altitude than it had reached before.—B. O. Flower.

A Mystery.

"Do you believe in the theory of evolution?"
"Well," replied the student of human nature, "there are times when I wonder how some people can stand and watch the antics of a cage full of monkeys without showing the slightest trace of self-consciousness."—Birmingham Age-Herald.
